EXPLANATORY NOTE
ZONING BY-LAW NO. 69- 2018
OF THE
CORPORATION OF THE MUNICIPALITY OF SOUTH HURON

WHEREAS under Section 34 of the Planning Act, R.S.O. 1990, c.P.13, as amended, zoning by-laws may be passed by the councils of local municipalities; and

WHEREAS the Council of the Corporation of the Municipality of South Huron considers it in the public interest to regulate the use of all land within the Corporation of the Municipality of South Huron; and

WHEREAS the purpose of the Zoning By-law is to implement the policies contained in the Municipality of South Huron Official Plan, adopted February 26, 2014;

NOW THEREFORE the Council of the Corporation of the Municipality of South Huron ENACTS as follows:

Purpose

The purpose of this By-law is to provide the Corporation of the Municipality of South Huron with regulations which will affect control over all forms of land use and the erection, location and use of buildings and structures or other related matters within the Municipality.

Basis

Such regulations have been deemed necessary and in the long-term public interest by local Council in order to minimize possible conflicts between existing and proposed land uses, and maximize the benefits of co-locating compatible uses.

Affected Lands

The lands directly affected by this By-law are all properties lying wholly or partly within the corporate limits of the Municipality of South Huron.

Existing By-Laws

From the coming into force of this By-law, all previous by-laws of the Municipality passed pursuant to Section 34 of The Planning Act, R.S.O. 1990, as amended or a predecessor thereof, shall be deemed to have been repealed.

Duration

It is the intention of the Council that this Zoning By-law will be effective until circumstances change to such a degree that a revision and updating of the By-law is required. Additional uses for specific lands may be permitted by means of a rezoning or amendment to the Zoning By-law.

It is the intention of the Council to accept and review applications to amend the Zoning By-law in order to allow the establishment of uses which are permitted by the Municipality of South Huron Official Plan.

Effect

This Zoning By-law is designed to regulate by prohibition all new development except that specifically allowed in the By-law. Municipal Council does, however, have the legal authority to review the merits of any new use which is not specifically allowed by the By-law. If Council, after studying a proposal for a new use, is satisfied that the new use is in the best interests of the Municipality and in conformity with the South Huron Official Plan and other Planning Act requirements, the new use may be permitted provided that a separate By-law amending this By-law is passed which would permit the new use on the specified parcel of land, subject to appropriate regulations.

Contents

The Zoning By-law comprises Sections 1-38 plus zone maps delineating zones created by the text of this By-law, all attached hereto.

THE ZONING BY-LAW
OF THE CORPORATION OF THE
MUNICIPALITY OF SOUTH HURON

BY-LAW NO. 69- 2018

BEING A BY-LAW, UNDER THE PROVISIONS OF SECTION 34 OF THE PLANNING ACT, R.S.O., 1990, AS AMENDED TO REGULATE THE USE OF LANDS AND THE CHARACTER, LOCATION AND USE OF BUILDINGS AND STRUCTURES AND TO PROHIBIT CERTAIN BUILDINGS AND STRUCTURES IN VARIOUS DEFINED AREAS OF THE CORPORATION OF THE MUNICIPALITY OF SOUTH HURON.

WHEREAS the Municipal Council of the Corporation of the Municipality of SOUTH HURON considers it advisable to restrict, prohibit and regulate the use of land situated within the defined areas, as hereinafter designated, for the purpose of preventing any further development which would create an adverse effect on the Corporation, and to prevent the use of lands that would jeopardize future orderly development and expansion, and to protect the natural environment.

NOW THEREFORE, the Council of the Corporation of the Municipality of South Huron ENACTS as follows:

EXPLANATORY NOTE
ZONING BY-LAW NO. 69-2018
OF THE MUNICIPALITY OF SOUTH HURON

PREAMBLE

This Zoning By-law was passed under Section 34 of *The Planning Act, 1990*. It implements the Official Plan for the Municipality of South Huron which was adopted by the Council of South Huron on February 26, 2014. This Zoning By-law is comprised of both text and zoning maps.

PURPOSE

The purpose of this By-law is to provide the Corporation of the Municipality of South Huron with regulations for all forms of land use or other related matters within the municipality.

BASIS

Such regulations have been deemed necessary and in the public interest by South Huron Municipal Council in order that possible conflicts between existing and proposed land uses can be minimized or reduced in the future.

Prior to the preparation of this By-law, the Municipality of South Huron operated under three Zoning By-laws. This Zoning By-law is a comprehensive revision and consolidation of the Zoning By-laws for the former Municipalities (Town of Exeter, Township of Stephen and the Township of Usborne) which now make up the Municipality of South Huron

Former Municipality of	Operated under the
Town of Exeter	Town of Exeter Zoning By-law 30-1978
Township of Stephen	Township of Stephen Zoning By-law 12-1984
Township of Usborne	Township of Usborne Zoning By-law 13-1984

AFFECTED LANDS

The lands directly affected by this By-law can be described as consisting of all properties lying wholly or partly within the corporate limits of the Municipality of South Huron including the former Municipalities of the Town of Exeter, Township of Stephen and the Township of Usborne.

EXISTING BY-LAWS

From the coming into force of this By-law all previous By-laws of the Municipality, passed pursuant to Section 34 of *The Planning Act* or a predecessor thereof, shall be deemed to have been repealed.

DURATION

It is the intention of South Huron Municipal Council that this Zoning By-law will be effective until circumstances change to such a degree that a revision and up-dating of the By-law is required. Additional uses for specific lands may be permitted by means of a re-zoning or amendment to the Zoning By-law. It is the intention of the Council to accept and review applications to amend the Zoning By-law in order to allow the establishment of uses which are permitted by the Municipality of South Huron Official Plan.

EFFECT

This Zoning By-law is designed to regulate by prohibition all new development except that specifically allowed in the By-law. This By-law will, however, give the Council of South Huron the legal authority to review the merits of any new use which is not specifically allowed by the By-law. If Council, after studying a proposal for a new use, is satisfied that the new use is in the best interests of the Municipality, the new use may be permitted provided that a separate By-law amending this By-law is passed which would permit the new use on the specified parcel of land subject to appropriate regulations.

1. Application, Enforcement, Interpretation and Administration

1.1. Title

This By-law may be cited as the Municipality of South Huron Zoning By-law.

1.2. Amendments

Where this By-law refers to the Municipality of South Huron Zoning By-law, it refers to this By-law and all amendments to this By-law.

1.3. Acts

All Acts as stated in this By-law are in accordance with the most recent version of the cited Act.

1.4. Application

The provisions of this By-law shall apply to all lands within the boundaries of the Municipality of South Huron.

No person shall use any land, or erect, alter or use any building, structure or part thereof within the limits of the Municipality of South Huron except in conformity with the provisions of this By-law.

No person shall use any building, structure or part thereof, erected or altered in contravention of this By-law so long as such building, structure or part thereof, continues to contravene the provisions of this By-law.

No property shall be reduced in area by the conveyance, mortgage or other alienation of a part thereof so that any remaining yard or other open space is less than that required by this By-law. If any such reduction occurs, such property and any building or structure thereon shall not thereafter be used by any person unless the requirements of this By-law are complied with.

The preceding subsection shall not apply to a property reduced in area by the conveyance to or expropriation by the Municipality of South Huron or any other authority having the powers of expropriation.

No person shall change the purpose for which any property, building or structure is used, or erect, alter, or use any building or structure, or sever any lands from any existing property; if the effect of such action is to cause the original, adjoining, remaining or new building, structure or property to be in contravention of this By-law.

1.5. Administration and Enforcement

This By-law shall be administered and enforced by the Municipality of South Huron's Chief Building Official and other employees of the Municipality acting under the direction of the Chief Building Official. All such individuals shall be considered an officer for the purposes of Section 49 of the Planning Act.

1.6. Violation and Penalty

Every person who uses or alters the use of any land or property or alters or erects or uses any building or structure in a manner contrary to any requirements of this By-law, or who causes or permits such use or erection or alteration, or who violates any provision of this By-law or causes or permits a violation, is guilty of an offence and upon conviction thereof shall be liable to a fine as set out in Section 67 of the Planning Act, for each offence, and each day of the occurrence of the offence shall be deemed to be a separate occurrence. Every such penalty shall be recoverable under the Provincial Offences Act.

1.7. Unlawful Uses

Any use established in violation of this By-law or a predecessor of this By-law will be deemed to have been established unlawfully.

1.8. Errors and Omissions – Obligation to Comply

The lack of a survey or adequate information or an error or omission does not relieve the applicant from responsibility for complying with the provisions of this By-law.

1.9. Severability

If any provision or part of a provision of this By-law, including any part of the zoning as shown on the zone maps, is for any reason held to be invalid, it does not affect the validity, effectiveness or enforceability of the other provisions, parts of provisions, or zoning as contained in this By-law.

1.10. Remedies

Where any building or structure is, or is proposed to be erected, altered, reconstructed, extended or enlarged, or any building or structure or part thereof is or is proposed to be used, or any land is or is proposed to be used, in contravention of the provisions of this By-law, the same may be restrained by action at the instance of any ratepayer, or of the County of Huron, or of the Municipality pursuant to the provisions of the Planning Act, the Municipal Act, or the Administration of Justice Act.

Where a person, guilty of an offence under this By-law has been directed to remedy any violation and is in default of doing any matter or thing required, such matter or thing shall be done at the person's expense.

Where a person has refused or neglected to reimburse the Municipality of South Huron for the cost of such work, thing or matter done, the same may be recovered by the Municipality of South Huron in like manner as municipal taxes.

1.11. Information as to Conformity

Any person requiring written information as to whether a property or any building erected thereon is situated in conformity with the provisions of this By-law, shall present to the Chief Building Official or the authorized alternate:

- an application fee in an amount established by Council by resolution from time to time;
- a current plan of survey signed by an Ontario Land Surveyor showing the boundaries of the property and the location of all buildings and structures thereon; and
- any other information as the Chief Building Official or the authorized alternate may require.

Information as to conformity issued hereunder is subject to the condition that the Municipality of South Huron shall not be bound by any information issued in error.

Where information as to conformity is issued with respect to a non-conforming use such information shall so state.

If an application for information as to conformity does not comply with the above information submission requirements, the Chief Building Official or the authorized alternate may issue such information notwithstanding such non-compliance, if satisfied as to the correctness and adequacy of the application made.

1.12. Licenses and Permits

No building permit, Municipal permit, certificate, or license shall be issued for the use of any land, building or structure unless the requirements of this By-law are met.

1.13. Sign Permits

A sign permit shall be required for the erection of any sign (including billboards) upon private or public property which shall only be issued if such sign is in conformity with the Municipal and County Sign By-laws.

1.14. Buildings to be Moved

In all zones, any building or structure which is moved from one location to another, whether within the zone or from one zone to another, or from any location beyond the boundary of the Municipality, into any zone, shall be considered as being a new building or structure and shall comply with the provisions of this By-law.

1.15. Repeals

From the coming into force of this By-law all previous By-laws passed under Section 34 of the Planning Act or a predecessor thereof, shall be deemed to have been repealed, including the following:

- By-law 12-1984 of the former Township of Stephen
- By-law 13-1984 of the former Township of Usborne
- By-law 30-1978 of the former Town of Exeter

1.16. Technical Revisions to the Zoning By-law

Revisions may be made to this By-law without the need for a zoning by-law amendment in the following cases:

1.16.1. correction of numbering, cross-referencing, grammar, punctuation or typographical errors or revisions to format in a manner that does not change the intent of a provision;

1.16.2. adding or revising technical information on maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updating or correcting lot line information; updating and correcting infrastructure information; conservation authority regulated lands and top of bank features; keys, legends or title blocks; and

1.16.3. changes to appendices, footnotes, headings, indices, marginal notes, tables of contents, illustrations, historical or reference information, page numbering, footers and headers which do not form a part of this by-law and are editorially inserted for convenience of reference only.

1.17. Meaning of Terms

1.17.1. Use

Unless the context otherwise requires, the expression “use” or “to use” in this By-law shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly or by or through any trustee, tenant, servant, or agent, acting with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.

1.17.2. Tense, Plurality and Gender

For the purposes of this By-law, words used in the present tense include the future; words in the singular number include the plural and words in the plural include the singular number. Words imparting the masculine gender shall include the feminine and the converse.

1.17.3 Shall

The word “shall” will always be construed as mandatory in this By-law.

1.18. Terms

All terms used in this By-law, which are not otherwise specifically defined, shall have the meanings given to them by the Planning Act and the Condominium Act at the relevant point in time.

1.19. Zones, Symbols, and Section Numbers

For the purposes of this By-law the Municipality is hereby divided into the following use zones:

- The permitted uses, the minimum size and dimensions of properties, the minimum size of yards, the maximum zone coverage, the minimum setback, the minimum landscaped open space, the maximum height of buildings and all other zone provisions are set out herein for the respective zones.
- The extent and boundaries of all the said zones are shown on the attached zone maps which form part of this By-law.
- The symbols/zones listed in the subsection above may be used to refer to buildings and structures, the uses of properties, buildings and structures permitted by this By-law in the said zones, and whenever in this By-law the word “Zone” is used, preceded by any of the said symbols, such zones shall mean any area within the Municipality of South Huron within the scope of this By-law, delineated on a zone map and designated thereon by the said symbol.
- Where the zone symbol designating certain lands as shown on the zone maps is followed by a dash and a number, (for example R2-1), then special provisions apply to such lands and such special provisions will be found by reference to that section of the By-law which deals with that particular zone. Lands designated in this manner shall be subject to all the restrictions of the zone except as otherwise provided by the special provisions.

1.20. Boundaries of Zones

Zone boundaries are construed to be property lines, street lines, or the boundaries of Registered Plans, lanes, private roads, and unopened road allowances as interpreted in accordance with the map legend shown on the zone maps.

Where any zone on the zone maps abuts a natural watercourse, such zone shall be deemed to apply to the natural watercourse and any islands within the watercourse

In the event a street, lane, private road, or road allowance (shown on the zone maps) is closed, the property formerly in said street, lane, private road, or road allowance shall be included within the zone of the adjoining property on either side of the said closed street, lane, private road, or road allowance unless:

- a) the said street, lane, private road, or road allowance was a zone boundary between 2 or more different zones, in which case the new zone boundary shall be the former centreline of the closed street, lane, private road, or road allowance;
- b) the land formerly included in such street, lane, private road, or road allowance is purchased in its entirety by an abutting landowner, in which case the said land shall be included in the same zone as that of the abutting landowner purchasing said land; or
- c) the land formerly included in such street, lane, private road, or road allowance is purchased in its entirety by a person or persons other than an abutting landowner, in

which case the said land shall be included in the abutting zone which is the most restrictive in terms of use or density.

Following the street, lane, private road, or road allowance closure, the appropriate zone map in this By-law shall be amended in accordance with the above provision. These administrative amendments are permitted from time to time without application, further public notice or Council approval.

Where uncertainty exists with respect to the boundaries of the various zones as shown on the zone maps, the following rules shall apply:

- a) Any street, lane, private road, or road allowance wholly within the boundary of a zone as shown on the zone maps is deemed not to be zoned but is to be used for public highway purposes.
- b) Where any zone boundary is shown as approximately the centreline of a street, lane, watercourse, or easement, such zone boundary shall be construed to follow the centreline of the street, lane, watercourse or easement or the production thereof.
- c) Where the zone boundaries are not shown to be streets, private roads, or lanes, and where indicated boundaries on the zone maps are approximately property lines, the property lines shall be construed to be the zone boundaries unless the boundaries are otherwise indicated on the zone map.
- d) Where a zone boundary is not a street, lane, private road, road allowance, property line, or watercourse and a specific measurement indicating the position of the said boundary is not shown on the zone map, or indicated in the text of the By-law, the position of the zone boundary shall be determined by the Chief Building Official.

1.21. Minimum Requirements

In interpreting and applying the provisions of this By-law, they are held to be the minimum requirements for the orderly, economic and attractive development of the Municipality.

1.22. Uses not Listed as Permitted

Uses not listed as permitted in a zone or otherwise provided for in this By-law shall be prohibited in such zone except as provided for under the Non-Conforming Section of this By-law.

1.23. Use of Examples

Where examples are provided to explain a By-law provision, these examples are illustrative only.

1.24. References to Provincial or Federal Legislation

Where a Provincial or Federal statute or regulation is referenced, the reference includes all amendments to the statute/regulation that may have occurred since the By-law was

passed as well as any successor statutes/regulations to the referenced statute/regulation.

1.25. Effective Date

This By-law shall take effect from the date of passing by Council and shall come into force upon approval under the Planning Act.

1.26. Transition: Minor Variances

All applications approved by the Municipality of South Huron Committee of Adjustment under Section 45 of the Planning Act prior to the date this by-law was passed remain effective for a further 18 month period provided all the conditions of the approval are met.

2. Definitions

For the purposes of this By-law, the definitions and interpretation given in this section shall govern:

- a whole of a lot or block on a registered Plan of Subdivision;
- a whole of a unit on a Vacant Land Condominium Plan;
- the whole of a contiguous parcel of common elements within a Vacant Land Condominium Plan or within a Common Elements Condominium Plan;
- the whole of the lands within a Standard Condominium Plan; or
- a parcel which may otherwise be conveyed separately without contravening the Planning Act, not including a unit within a Standard Condominium Plan.

a) Lot, Corner

a property situated at the intersection of, or abutting upon, 2 or more streets, provided that the angle of intersection of such streets is not more than 135 degrees.

b) Exterior Side Property Line

any property line other than a front or rear property line abutting a street, private road, or lane.

c) Front Property Line

the property line that abuts the street except that, in the case of a corner property, the shorter property line that abuts the street shall be deemed the front property line and the longer property line that abuts the street or unopened road allowance shall be deemed the exterior side property line.

In the case of a corner property with 2 street lines of equal lengths, the property line that abuts the wider street or abuts a County Road or Provincial Highway shall be deemed to be the front property line, and in the case of both streets being under the same jurisdiction, or of the same width, the Municipality may designate either street line as the front property line.

In the case of a through property the longer boundary dividing the property from the street shall be deemed to be the front property line and the opposite shorter boundary shall be deemed to be the rear property line. In case each of such property lines are of equal length, the Municipality may designate either street line as the front property line.

d) Interior Property

a property other than a corner property.

e) Interior Side Property Line

a side property line other than an exterior side property line.

f) Side Property Line

a property line other than a front property line or rear property line.

g) Property Depth

the horizontal distance between the front property line and rear property line. Where these lines are not parallel, it shall be the length of a line joining the mid-points of the front property line and rear property line. For properties with curved front property lines, the measurement shall be taken from a line drawn parallel to the chord of the arc of the curve constituting the front property line, lying midway between said chord and a line drawn parallel to said chord and tangent to said arc. When there is no rear property line, property depth means the length of a straight line joining the middle of the front property line with the apex of the triangle formed by the side property lines.

h) Property Frontage

the horizontal distance between the side property lines measured at right angles. Where the front property line is not a straight line, the property frontage shall be measured by a line set at a maximum of 7.5 metres back from and parallel to the chord of the property frontage or a line parallel to the said chord and tangent to the arc. (For the purposes of this By-law the chord of the property frontage is a straight line joining the 2 points where the side property lines intersect the front property line).

i) Property Line

any boundary of a property or a vertical projection thereof.

j) Rear Property Line

the longest property line opposite to the front property line.

k) Through Property

a property bounded on 2 opposite sides by a street. If any property qualifies as being both a corner property and a through property such property shall be deemed a corner property.

a building for the accommodation of retired persons or couples within single or double rooms or suites which do not contain kitchens, and where central kitchen, dining and laundry facilities are provided for the residents, together with other communal facilities, under the supervision of resident and other staff, but which shall not include a nursing home, licensed under the Nursing Homes Act, as amended.

Road, Street or Highway (Public)

shall mean a highway as defined in the Municipal Act which has been assumed for public use and is being maintained by the Ministry of Transportation, the County of Huron or the Municipality and includes a roadway that forms part of the common elements of a condominium plan if such roadway provides vehicular access to and from a highway as defined in the Municipal Act which has been assumed for public use and is being maintained by the Ministry of Transportation, the County of Huron or the Municipality. *(Amended by By-law 63-2015)* For the purpose of setbacks, an unopened or unassumed road allowance shall also be considered a road, street or highway (public).

a) Highway, Provincial

a street owned by the Province of Ontario.

b) Road, Arterial

are designed to facilitate through traffic. These roads will be developed, where possible, on a 100 foot road allowance and direct access will be limited so as not to impede the efficient flow of through traffic. In South Huron, all King's Highways are arterial roads.

c) Road, Local

provide localized access and minimize through traffic. These roads will be developed, where possible, on a 66 foot road allowance. In South Huron, all Municipal roads are local roads.

d) Road, Collector

have the dual function of carrying moderate volumes of traffic and providing land access. Collector roads distribute traffic between local and arterial roads and carry lighter volumes for shorter trips than an arterial road. These roads will be developed, where possible, on a 100 foot road allowance. In South Huron, all County Roads are collector roads.

e) Road, County

a street owned by the County of Huron.

f) Road, Private

shall mean a road which is not assumed by the Ministry of Transportation, the County of Huron or the Municipality and shall provide private access to any lots abutting thereon.

g) Street

a road owned by the Province of Ontario, the County of Huron or the Municipality that is of satisfactory construction and maintenance as to permit the reasonable and safe passage of motor vehicles and affords the main means of access to any properties abutting thereon. In addition, the common element used to access a unit in a vacant land condominium is a street. For the purpose of determining setbacks and yards and driveways only, the following shall also be considered a street:

- an unmaintained road allowance; and
- an unassumed road.

h) Street Line

the boundary line between a street and a property.

Tavern

means a building or part thereof where, in consideration of payment thereof, liquor, beer, or wine or any combination thereof are served for consumption on the premises, with or without food or accommodations.

Tenant

a person or group who occupies a building, structure or land by rental or lease agreement.

Theatre

an establishment which produces/performs plays, films and live theatre productions along with any accessory uses used in performance productions and management as well as an accessory art gallery and accessory food concession.

Top-of-Bank

a line delineated at a point where the oblique plane of the slope meets the horizontal plane.

Total Floor Area

in the case of a dwelling, the aggregate of the areas of all habitable rooms measured from the exterior walls, but excluding any detached accessory buildings/structures, balcony, breezeway, deck, unenclosed sunroom, porch and/or verandah, attic, or crawlspace.

In the case of a building other than a dwelling, the aggregate of the area of all floors devoted to retail sales, customer service and/or office use measured from the outside face of exterior walls but excluding storage, mezzanine areas, mechanical rooms, common halls, stairwells, garbage and electrical rooms, parking structures and similar uses ancillary to the main use. The total floor area in each zone applies only to that portion of such property that is located within said zone.

Trailer

a trailer for the transport of vehicles, equipment and materials.

Trailer and Tent Park

any land upon which overnight, short term or seasonal accommodation for 2 or more tents, travel trailers or park model trailers are used or intended to be used for human occupation, which shall not include permanent year-round human occupation of permitted tents or trailers, and includes on-site ancillary commercial, laundry, social, and recreational facilities.

Travel trailer

a structure or vehicle designed, intended and used exclusively for the temporary or seasonal living, sleeping or eating accommodation for persons therein during travel, recreation and vacation and which is either capable of being drawn by a passenger vehicle or is self-propelled and shall include tent trailers, vans, motor homes and similar transportable accommodation but not a mobile home. Travel trailers that are not self-propelled are built to CSA specifications.

Triplex Dwelling

the whole of a building originally designed for and divided into 3 separate dwelling units with at least 1 of the units on a second floor and each unit having an independent entrance either directly from the outside or through a common vestibule.

Truck Transport Terminal

a building, structure, or property used for the parking, repairing or dispatching of commercial motor vehicles or trailers, as defined by the Highway Traffic Act.

Use, Used, Uses, or To Use

the purpose for which any land, building, structure, or premises, or part thereof, is arranged, designed or intended to be used, or is or may be occupied or maintained.

Utility Service Building

a building used in connection with the supplying of local utilities services including a water or sewage pumping station, a water storage reservoir, a gas regulator building, an electrical sub-station, a telephone building for exchange, long distance or repeater purposes (but does not include major electricity transmission lines and transformer stations of 230 kv or more).

Value Added

those value added production and value retention activities which add value to an agricultural good by changing or transforming a product from its original state to a more valuable state. Retailing products grown/produced on the farm and related goods are permitted as an accessory use to value-added agricultural uses.

Veterinary Clinic

a building or part thereof wherein animals of all kinds are treated or kept for treatment by a registered veterinarian, and where such animals can be temporarily boarded.

Warehouse

a building used or intended to be used for the bulk storage of goods, merchandise or materials and shall include wholesale establishments.

Waste Disposal Facility

any land approved by the Ministry of the Environment upon, into or in which waste has or may be deposited or processed.

Watercourse

any bay, lake, navigable waterway, canal, drain, river, municipal drain under the Drainage Act, or a natural/artificial channel for a stream including an intermittent stream.

Wayside Pit

a temporary pit opened and used by the Municipality of South Huron, County of Huron, Province of Ontario, or Government of Canada solely for the purpose of a particular project or contract of road construction.

Wholesale

an establishment, which sells merchandise to others for resale and/or to industrial or commercial users.

Wind Energy Facility

any device and related equipment that is used, or designed to be used, for the production of electrical power where wind is the energy source, including wind turbines, vertical axis wind turbines and horizontal axis wind turbines.

Wine

an alcoholic beverage made from fermented grapes or other fruits/plants as well as honey. Also referred to as beer, hard cider, mead, or spirits.

Winery, Farm

shall mean a building or structure or part thereof, associated with agricultural use(s) on the same farm lot, where wines are produced and may include storage, display, processing, wine tasting and retail, administrative facilities and outdoor patio area, but shall not include a restaurant, banquet facility, or on-site commercial kitchen. Wine tasting and the offering or sale of locally-grown product samples is considered part of the farm winery activity. A Farm Winery shall not include an Estate Winery as defined herein.

Winery, Estate

shall mean a building or structure or part thereof, where wines are produced and may include storage, display, processing, wine tasting, storage, hospitality room, administrative facilities, outdoor patio area, an on-site restaurant, dining facility, commercial kitchen, banquet hall, retail facility or other commonly commercially-zoned amenity. An Estate Winery shall not include a Farm Winery as defined herein. An estate winery is also referred to as a brewery, cidery, distillery, or meadery.

Yard

an open area of land, unoccupied and unobstructed except as otherwise provided for or required by this By-law, located on the same property or zone within a property with a main building or structure.

a) Exterior Side Yard

a side yard immediately adjoining a street

b) Front Yard

a yard extending across the full width of the property between the front property line and the nearest part of any building or structure on the property.

c) Front Yard Depth

the least horizontal dimension between the front property line of the property and the nearest part of any building or structure on the property.

d) Interior Side Yard

a side yard immediately adjoining a property and does not include an exterior side yard.

e) Rear Yard

a yard extending across the full width of the property between the rear property line of the property or rear zone boundary and the nearest part of any building or structure on the property.

f) Rear Yard Depth

the least horizontal dimension between the rear property line of the property or rear zone boundary and the nearest part of any building or structure on the property or zone.

g) Side Yard

any yard other than a front yard or rear yard. In determining the minimum or maximum width of a side yard the distance is measured from the side property line of the property to the nearest part of any main building or structures on the property.

Zone

an area delineated on the zone map and established by this By-law for a specific use.

a) Zone Area

the total horizontal area within the limits of a property with the zone area for each zone applying only to that portion of the property which is located within said zone, unless otherwise specified.

b) Zone Coverage

the percentage of the zone area, covered by all buildings above ground level, and shall not include that portion of such property which is occupied by a building or portion thereof which is completely below ground level. Patios, unenclosed

swimming pools, retractable awnings, and ground-mounted solar energy collectors are not included in the calculation of zone coverage; however, decks, porches, balconies and tennis courts are included. In the Agriculture zones, parking lots are included in the calculation of zone coverage.

3. General Provisions

The provisions of this section apply to all zones except as otherwise indicated in the applicable zone provisions.

3.1. Accessibility

All new buildings, with the exception of residences, are to have regard for accessibility. Accessibility issues will be considered in accordance with the Ontarians with Disabilities Act, Ontario Building Code and Municipal legislation regarding accessibility.

3.2. Accessory Buildings, Structures & Uses

3.2.1. Use

Where this by-law provides that a property may be used or a building or structure erected, altered or used for a purpose, that purpose includes any accessory building, structure, or use, but does not include:

- a) any occupation for gain or profit except as may be permitted by this by-law; or
- b) any building used for human habitation except where a dwelling is a permitted accessory use.

3.2.2. Establishment

In all zones no accessory building, structure, or use shall be established on any property until and unless the main building or use to which it is accessory is established.

3.2.3. Height

The maximum height of accessory buildings in settlement areas shall be as follows:

Residential zones:	6 metres
Commercial, Open Space, and Community Facility zones:	9 metres
All other zones	12 metres but not more than 2 storeys

When an accessory building is located in a yard that abuts a Residential zone, the building height shall not exceed 6 metres.

The maximum height of an accessory building in the Agricultural Small Holding zone is 10 metres. (as per By-law 29-2022)

3.2.4. Location

Accessory buildings shall not be structurally attached to the main building in any way.

Except in the Agriculture and Natural Environment zones, any accessory building or structure shall be erected in the rear yard and/or in the interior side yard and shall comply with the yard and setback requirements of the zone in which such building or structure is situated.

Except in the Agriculture and Natural Environment zones, an accessory building or structure shall not be located closer to a street or private road than the setback required for the main building.

In a Residential zone, a private garage, carport, satellite dish, swimming pool or other accessory building or structure shall be erected and used in the rear yard and/or in the interior side yard only, provided that such accessory building or uses:

- shall be no closer than 1.5 metres to the property line;
- shall not be located closer to a street or private road than the setback required for the main building; and
- shall not include an Additional Residential Unit.
- Semi-detached private garages or carports may be centered on a mutual side property line.

In all other zones, no accessory building or structure shall be erected closer than 1.2 metres to a rear property line or interior property line.

Buildings or structures solely devoted to and forming an integral part of a septic system and that are less than 10 square meters are permitted in any yard.

Notwithstanding the provisions of this section, accessory buildings or structures are permitted in the front yard of the Huron Country Playhouse (RC4) zone. (As per By-law 46-2014)

3.2.5. Size

In a settlement area, except for properties zoned RC2, the total ground floor area of all accessory buildings on a property shall not exceed 50% of the total floor area of the main building (including car parking areas within the building) or 10 % of the zone area, whichever is smaller.

In the RC2 Zone, the total ground floor area of all buildings accessory to a main building shall not exceed 50% of the main building ground floor area.

3.2.6. Servicing

Plumbing is prohibited in buildings and structures accessory to a dwelling in the Lakeshore Residential zone with the exception of hose bibs, in floor heating systems, and/or swimming pool related equipment systems. (as per By-law 29-2022)

3.2.7. Accessory Building containing an Additional Residential Unit (ARU)

This provision applies in all zones where an ARU is a permitted use except for the AG1 and AG4 zones.

An accessory building containing an Additional Residential Unit (ARU) is permitted subject to the following:

- a) An accessory building containing an ARU shall be located in either the rear or interior side yard and shall be no closer than 1.5 metres to a property line and shall not be located closer to a street than the setback required for the main building;
- b) Compliance with the size restrictions for accessory buildings and structures;
- c) One additional on-site parking space is provided for the ARU in addition to the parking requirements for the main dwelling;
- d) The ARU must use the same entrance/driveway as the main dwelling;
- e) A pathway to the principal entrance of the ARU from its parking area is required and shall be a minimum of 1.5 metres in width with a clear height of 2.1 metres;
- f) A minimum 3 metres between the existing dwelling and the ARU;
- g) Beginning from a height of 4 metres, an ARU may not penetrate a 45-degree angular plane located as follows:
 - From the minimum 1.5 metres rear yard setback, projected towards the front lot line,
 - From the minimum 1.5 metres side yard setback, projected towards opposite side lot line;
- h) The maximum building area does not exceed 75% of the ground floor area of the dwelling including an attached garage; and
- i) In partially or privately serviced areas, the minimum property size is 4,000 square metres for a single detached dwelling to have an Additional Residential Unit.

3.3. Application of other By-Laws, Regulations, Legislation

Nothing in this By-law shall operate to relieve any person from the obligation to comply with the current requirements of the Ontario Building Code Act, Conservation Authority regulations, or any other By-law of the Municipality in force from time to time or the obligation to obtain any other license, permit, authority or approval lawfully required by a governmental authority having jurisdiction to make such restrictions.

3.4. Building Line Setback

A building may be erected closer to the street line than required by the zone provisions provided the proposed building would be no closer to the street line than the average setback of the 2 nearest buildings on the same side of the street within 100 metres of either side of the proposed building.

3.5. Community Gardens

A community garden is a permitted use in all zones except the Disposal, Salvage Yard, and Natural Environment zones.

3.6. Encroachments in Yards

Every part of any yard required by this By-law shall be open and unobstructed by any structure from the ground to the sky; however, fences, planting strips and hedges are permitted in accordance with the other provisions of this By-law and the structures listed in the following table may project into the minimum yards as specified below:

Structure	Yards in which Projection is Permitted	Maximum Projection into Minimum Required Yard
Sills, belt courses, cornices, eaves, gutters, chimneys, pilasters, and retractable awning	All yards	0.75 metres provided that no part of the structure extends closer than 0.75 metres to any property line
Fire escapes & exterior staircases	Rear yard or side yard	1.5 metres provided that no part of the structure extends closer than 1.5 metres to any property line
Window bays	Front, rear and exterior side yard	1 metre over a width of 3 metres provided that no part of the structure extends closer than 1.5 metres to any property line
Balconies	Front, rear & exterior side yards only for single detached dwellings	1.5 metres provided that no part of the structure extends closer than 1.5 metres to any property line
Decks, steps, roofed/open porches (all not to exceed the first storey in height)	All yards	2.5 metres including eaves and steps provided that no porch deck or patio extends closer than 1.5 metres to any property line
Patio	All yards	1.5 metres
Closed-in porch	All yards	1.5 metres including eaves and steps provided that no closed in porch extends closer than 1 metre to any property line
Retaining walls or similar accessory structures	All yards	No maximum or minimum requirements, provided that no part of the structure extends beyond the property line
Air Conditioning Units, and Solar Panels	Rear, exterior side and interior side yards	1 metre provided that no part extend closer than 1.5 metre to any property line

3.6.1. Encroachment Exception

Where a building or structure has been established in accordance with a building permit but is subsequently shown by an Ontario Land Surveyor's survey not to comply with the provisions of the Zoning By-law, an encroachment of up to 0.25 metres into any yard is recognized as being permitted.

3.6.2. Encroachment of Awnings, Canopies, Balconies, and Signs in Commercial Zones
Awnings, canopies, balconies and signs may extend over County or Municipal property in Commercial zones a maximum distance of 1.5 metres, subject to County or Municipal approval, provided:

- no portion of the awning, canopy, balcony or sign is closer than 1 metre (one metre) from a parking area or the traveled portion of a street,
- no portion of the awning, canopy, balcony, or sign obstructs the view at any intersection,
- a vertical clearance of 2.9 metres is maintained from the surface of the sidewalk to the lowest portion of the awning, canopy, balcony, or overhanging sign, and
- the owner obtains from the appropriate authorities all permits required prior to starting construction.

3.6.3. Barrier-Free Structures

Notwithstanding any provisions of this By-Law to the contrary, unenclosed structures necessary to ensure that a building and its facilities can be approached, entered, and used by persons with physical or sensory disabilities in accordance with the Ontario Building Code, may project into any required front, interior or exterior side yard provided that the structure is not closer than 0.3 metres from any interior side lot line. For clarification, the area of such structures shall not be used in the calculation of lot coverage.

3.7. Exterior Lighting

The type, location, height, intensity, duration and direction of lighting shall be designed to conserve energy and ensure the light is confined to the building face, parking area and vicinity of the site so as to not cast glare onto adjacent properties adversely affecting the use of the property or onto an adjacent street posing a vehicular safety hazard.

3.8. External Building Materials

The following building materials shall not be used for the exterior vertical facing on any wall of any building or structure:

- tar paper or building paper;
- asphalt roll type siding or insul-brick;
- plain concrete or plain cinder block in Residential or Recreational zones; or
- galvanized steel in Residential or Recreational zones.

3.9. Government Uses Permitted

A government use is a permitted use in all zones.

3.10. Hazard Land Requirements

In addition to the provisions of the applicable zones and general provisions, no buildings or structures are permitted on hazard lands or adjacent to hazard lands within the area subject to the Ausable Bayfield Conservation Authority and Upper Thames Region Conservation Authority under O. Reg. 147/06, as amended, unless the permission of the Ausable Bayfield Conservation Authority or Upper Thames Region Conservation Authority has been obtained.

3.11. Height Limitation Exceptions

The height limitations of this By-law shall not apply to a church spire, belfry, clock tower, water tower or tank, elevator enclosure, flag pole, television or radio tower or antenna, cell tower, solar collector, electric power facility, ventilator, skylight, chimney, air conditioner duct, windmill, wind turbine, silo or grain elevator.

3.12. Home Industry

A business conducted in whole or in part in an accessory building to a single detached dwelling by the residents, provided:

- a) no external advertising other than a legal sign;
- b) no outside storage of goods, materials or equipment unless fully enclosed by a fence or other enclosure which provides visual screening;
- c) the home industry is not a noxious use;
- d) the home industry is clearly secondary to the main residential or agricultural use and does not change the residential character of the dwelling;
- e) not more than the equivalent of 2 full-time employees, other than the owner, are employed by the business, with the exception that more part-time employees may work on-site during a short period due to a seasonal requirement of the business;
- f) no retailing of items not created on the site except for the minor retail of products which are essential and accessory to the provided service. Retailing of items crafted or fabricated on the site shall be allowed provided that the operation complies with all other requirements;
- g) an accessory home industry (including building and outdoor storage) shall be a maximum of 2% of the property area or 10,000 square metres (1 ha), whichever is less; and
- h) the home industry shall not result in significant volumes of vehicular traffic or on-street parking which cause the disruption of normal activities of adjacent residential properties or negatively impact on the operating viability and safety of the highway.

Examples of home industries include animal kennel, carpentry, day nursery, service and repair shop, electrical, woodworking, window framing, welding, plumbing, machine, farm machinery or motor vehicle repair shop, used vehicle sales (maximum 6 vehicles for sale on site), small scale manufacturing, small engine repair, and blacksmith.

3.13. Home Occupation

A home occupation is permitted in a dwelling unit operated by the occupant(s) of the dwelling, subject to the following conditions:

- a) The home occupation meets all Municipal requirements
- b) the home occupation is clearly secondary to and compatible with the principal use of the dwelling for residential purposes;
- c) no external alteration of the dwelling shall be permitted other than what is required by a dwelling unit as a private residence;
- d) no external display of goods, materials, wares or merchandise, or exterior advertising other than a legal sign to indicate to persons outside that the dwelling, accessory building or property is being used for other than residential purposes;
- e) the home occupation shall not create a significant nuisance or hazard to neighbours by reason of noise emission, vibration, smoke, dust, fumes, odour, heat, humidity, glare, debris, refuse, smoke, fire, lighting, interference with radio or television reception, or hours of operation;
- f) the home occupation shall not result in significant volumes of vehicular traffic or on-street parking which cause the disruption of normal activities of adjacent residential properties or negatively impact on the operating viability and safety of the highway;
- g) no outdoor storage of materials or goods in support of such home occupation;
- h) the total area used for the home occupation cannot exceed 25 % of the total floor area of the dwelling where the total floor area excludes: basement, crawlspace, attic, porch/verandah, carport, attached garage and accessory buildings. A finished habitable basement may be included in the calculation of total floor area if the dwelling is a single storey. Notwithstanding the above area limitation, all of an accessory structure can be used for a home occupation and an accessory structure to be used by the home occupation can be newly constructed provided it satisfies the definition of 'accessory';
- i) an animal kennel, small engine repair and automotive repair are not home occupations;
- j) no use of municipal services such as streets, sanitary and storm services, water supply, utilities such as electricity and natural gas, or the generation of waste and refuse, beyond that normal to the use of property for residential purposes;

- k) no unreasonable use of lights or night-time operations;
- l) no retailing of items not created on the site except for the minor retail of products which are essential and accessory to the provided service. Retailing of items crafted or fabricated on the site shall be allowed provided that the operation complies with all other requirements;
- m) prior to the establishment of a home occupation, the occupant shall deliver to the Municipality a statement indicating their intention to conform with this definition of a home occupation; and
- n) a home occupation may include but is not limited to:
 - a home child care business under the provisions of the Child Care and Early Years Act, 2014, as amended,
 - an office or consulting room for a professional person or agent,
 - an office and shop for a trade such as a builder, painter, plumber or electrician,
 - an office for a charitable organization,
 - a personal service shop such as a hairdresser, dressmaker or tailor,
 - a service and repair shop, or
 - a studio for a teacher of music, art or academic subjects, a photographer, or commercial artists, or a wholly enclosed workshop, and any other use of a similar nature which conforms to the criteria above; but does not include or permit a rooming, lodging or boarding house, convalescent home, clinic, retail shop, or any storage yard or plant for any trade

3.14. Loading Space Requirements

The owner or occupant of any property, building or structure in a Commercial, Community Facility or Industrial zone, erected or used for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares, merchandise and raw materials, shall provide and maintain at the premises loading or unloading facilities.

Loading facilities shall be on the property occupied by the building or structure, not form part of a street or lane, and be in the same zone in which such use is located. A loading space shall be 9 metres long, 3.5 metres wide and have a vertical clearance of at least 4 metres, and in accordance with the following schedule:

Total Floor Area of Building or Structure	Minimum Number of Loading Spaces Required
200 square metres or less	0
Exceeding 200 square metres	1

3.14.1. Access

Access to loading spaces shall be by means of a driveway at least 6 metres wide and lead to a street or lane located within or adjoining the Commercial, Community Facility or Industrial zone.

3.14.2. Surface

The driveways and loading spaces shall be maintained with a stable surface which is treated or finished so as to prevent the raising of dust and shall also have adequate drainage facilities.

3.14.3. Location

The required loading space or spaces shall be located in the interior side yard or rear yard. If set back from the street line a minimum distance of 18 metres the loading space may be located in the exterior side yard or the front yard.

3.15. Main Buildings or Main Uses per Property

No person shall erect more than 1 main building on a property or establish more than 1 main use on a property except permitted buildings and uses in an Agriculture, Commercial, Community Facility, Disposal, Extractive Industrial, Industrial, Parks & Open Space, Recreational Trailer Park and Campground or Residential - High Density Zone.

In those zones where more than one main use or 1 main building is permitted, the requirements of this by-law for each use and building must be met.

3.16. Cannabis Production Facility

A Cannabis Production Facility shall be subject to the following provisions:

- a) No lands, building or structure or portion thereof used for Cannabis Production Facility purposes that is equipped with air treatment control situated in the General Industrial Zone (M2), Light Industrial Zone (M1), Agricultural Zones (AG1, AG2, AG3) may be located any closer than 150 metres to a Residential Zone, Community Facility Zone, commercial recreational facility, park or similar recreational use, dwelling, public school, private school, place of worship, community centre, or a day care.
- b) No lands, building or structure or portion thereof used for Cannabis Production Facility purposes that is not equipped with air treatment control situated in the Agricultural Zones (AG1, AG2, AG3) may be located any closer than 300m to a Residential Zone, Community Facility Zone, commercial recreational facility, park or similar recreational use, dwelling, public school, private school, place of worship, community centre, or a day care.
- c) All lands, buildings or structures or portion thereof used for a Cannabis Production Facility in the M1 or M2 zones shall be equipped with air treatment control.
- d) Cannabis Production Facilities must be entirely contained within wholly enclosed buildings or structures or portions thereof in the M1 and M2 zones.

- e) Accessory buildings or structures used for security purposes for Cannabis Production Facilities may be located in any yard provided they are not located in a sight triangle and have a minimum setback from a front, side, or rear lot line of at least 1.5 metres.
- f) Outdoor storage that is part of or accessory to a Cannabis Production Facility is prohibited.

3.17. Minimum Distance Separation (MDS)

Notwithstanding any other provision of this by-law to the contrary, no agricultural, commercial, community facility, industrial, recreational, or residential building or structure shall be constructed, enlarged, extended, or reconstructed unless it complies with the Minimum Distance Separation (MDS) Guidelines as implemented in the South Huron Official Plan and this By-law. This provision does not apply in a settlement area designation.

A dwelling on an AG1, AG3, or AG4 zoned property may be replaced at less than the required MDS 1 distance if the replacement dwelling maintains or reduces the existing MDS deficiency. (as per By-law 29-2022)

3.17.1 MDS and Low Visitation Cemeteries

For calculating MDS I or II, all cemeteries in the CF zone are deemed to be low visitation and shall be treated as a Type A land use. This provision does not apply in or to a settlement area designation.

3.17.2 MDS and Agricultural Commercial Industrial Uses and On Farm Diversified Uses

For calculating MDS I or II, MDS is not applied to or from Agricultural Commercial Industrial (AG3) zones or On Farm Diversified Uses

3.17.3. MDS I setback is exempt for ARU's that are not closer to the livestock facility in questions than the existing dwelling unit on the property.

3.18. Municipal Services

Where municipal water and sanitary sewage services are available new development must connect to the services.

3.19. Natural Environment Zone Setback

No development is permitted in Conservation Authority Regulated Lands or adjacent lands, which are defined as lands within 120 metres of a Provincially Significant wetland or within 50 metres of all other significant natural features until it has been determined that the proposed development does not result in negative impacts on the natural environment features or functions of the significant natural environment feature.

In areas zoned AG1 adjacent lands will be 15 metres from all significant natural features, except for Provincially Significant wetlands, which require 120 metres.

In lake-bank or valley properties the provisions of 'Hazard Lands' shall also apply.

All buildings and structures in all zones outside of a settlement area shall be setback from a NE2 Zone a minimum distance of 50 metres, unless the building or structure is to be located in the AG1 Zone where the minimum setback shall be 15 metres.

All buildings and structures in all zones shall be setback from a NE1 Zone a minimum distance of 120 metres.

3.20. Non-Complying Buildings and Structures

3.20.1. Establishment of Legal Non-Complying Status

Where a building or structure or driveway was legally established and is permitted by the provisions of the zone in which such building or structure or driveway is located but does not meet the zone provisions with respect to yards, zone area, frontage, parking, setback or any other provisions of this By-law applicable to that zone, the said building or structure or driveway shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that the enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of that building or structure or driveway, with the provision(s) of the By-law to which it does not comply and all other applicable provisions of this By-law are complied with. In addition, where such a building is reconstructed no enlargements or extensions are permitted to the reconstructed building for a 5 year period after its reconstruction.

3.20.2. Legal Non-Complying Status & Rezoning/Severances

In the case of a rezoning or severance, the permitted and legally established existing building or structure or driveway shall be deemed to comply with any applicable zone provisions, except parking requirements, resulting from such rezoning or severance.

3.20.3. Location of Reconstructed Building

Where a non-complying building or structure is removed or destroyed, such building or structure may be reconstructed in a different location than the original building or structure, provided that the new location does not further reduce the compliance with the provisions of the By-law to which the original building or structure did not comply.

3.20.4. Time Limit

Where a non-complying building or structure is removed or destroyed, such building or structure may only be reconstructed within 18 months from the date of destruction. After this period of time, the replacement building or structure may only be built in compliance with the provisions of the By-law.

3.20.5. MDS and Catastrophes

Where a building or structure is destroyed in whole or in part by a catastrophe, Minimum Distance Separation (MDS) formulae requirements will not be applied when the building

or structure is rebuilt provided that it is built no closer to livestock facilities than before the catastrophe and it is rebuilt within 18 months.

Where a livestock facility is destroyed in whole or in part by a catastrophe, Minimum Distance Separation (MDS) formulae requirements will not be applied when the livestock facility is rebuilt provided it is built no closer to surrounding land uses and property lines than before the catastrophe, the capacity of the livestock facility (expressed in nutrient units) is not being increased by the replacement livestock facility, and the replacement livestock facility is built within 18 months of the catastrophe.

3.21. Non-Complying Properties

Where an existing property does not meet the zone area and/or frontage and/or property depth requirements of this by-law, these existing conditions are recognized and the existing property is deemed to comply with the zone area, frontage, and property depth requirements.

3.22. Non-Conforming Uses

3.22.1. Continuation of Existing Use

The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully established and used for such purpose on the date of passing of this By-law, and provided that it continues to be used for that purpose and all other applicable provisions of this By-law are complied with.

3.22.2. Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure, the plans for which have prior to the date of passing of this By-law been approved by the Chief Building Official, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure is commenced within 18 months after the date of the passing of this By-law and such building or structure is completed within a reasonable time after the construction thereof is commenced.

3.22.3. Strengthening, Repairing or Renovating of Buildings or Structures Used for Non-Conforming Uses

Nothing in this By-law shall prevent the strengthening to a safe condition, the repair or renovation of any building or structure or part of any building or structure which use does not conform with the provisions of this By-law, provided such strengthening, repair or renovation:

- a) does not increase the size or volume of such building or structure by more than 10% beyond what existed on the date this By-law was passed,

- b) does not involve any alteration of use and the building or structure continues to be used for the purpose.

3.22.4. Discontinuation, Removal, and/or Replacement of Non-Conforming Uses

Where a non-conforming use has been discontinued for a period of 18 months or longer, the property, building or structure may only be used for a use that conforms with this By-law.

If a building or structure used for a non-conforming use is purposefully removed the subject property can only be used for a purpose permitted by the By-law.

If a building or structure used for a non-conforming use is accidentally destroyed, such building or structure and its non-conforming use may only be re-established or reconstructed for that non-conforming use within 18 months from the date of destruction.

3.22.5. Enlargement or Extension of Non-Conforming Uses

The extension or enlargement (greater than 10% of the existing structure) of a non-conforming use, or building or structure for a non-conforming use, will require an amendment to the Zoning By-law or approval from the Committee of Adjustment under the Planning Act.

3.22.6. Change of Non-Conforming Uses

Where any land, building or structure on the day that the By-law was passed was lawfully used for a purpose prohibited by the By-law, the Committee of Adjustment may permit, by the authority of Section 34 (10) or 45(2) of the Planning Act, the use of such land, building or structure for a purpose that, in the opinion of the Committee, is similar to the purpose which it was used for on the day the By-law was passed.

The Committee of Adjustment may, by the authority of Section 34(10) or 45(2) of the Planning Act, also permit a use that is more compatible with the uses permitted by the By-law other than the purpose for which it was used on the day the By-law was passed.

The prohibited use must be in place until the date of application to the Committee of Adjustment.

3.23. On Farm Diversified Uses

- Are secondary to the principal agricultural use of the property, are operated by the persons residing on the farm / small holding and do not interfere with the farm operation and do not conflict with the surrounding uses.
- Do not cause a traffic or safety concern and provide safe access onto an open public road.
- Obtain relevant permits from the Health Unit.

- Agri-tourism uses and Value Added agricultural uses under 1 hectare in size are permitted in the AG1 zone. Uses larger than 1 hectare shall be permitted in the AG3 zone.
- The total area of buildings, structures, outdoor storage, landscaped areas, wells and septic systems, berms, laneways and parking are considered in the area calculation for agri-tourism and value added agricultural uses.
- Buildings can occupy a maximum of 20% of the allowable area calculation.
- 25% of the floor area of a building containing an agri-tourism or value added agricultural uses be used for retailing products grown/produced on the farm and related goods.
- Servicing (e.g. private and/or public water & sewage services) for the agri-tourism and value added agricultural uses must be located within the maximum 1 hectare area.
- Buildings for agri-tourism uses & value added agricultural uses shall be clustered together with buildings for the principle agricultural use of the property.
- MDS shall not apply to on-farm diversified uses.
- Uses are permitted greater than 1ha as an accessory Agricultural Commercial Industrial (AG3) related use subject to AG3 zone provisions and Site Plan Control.

3.24. Outdoor Solid Fuel Combustion Appliances

No outdoor solid fuel combustion appliances shall be installed at less than 30 metres from any property line or less than 150 metres from any residence on a separate lot. No outdoor solid fuel combustion appliance shall be installed less than 10 metres from any combustible materials or fuel tanks.

No outdoor solid fuel combustion appliances shall be used for the incineration of waste.

Prior to the installation of any outdoor solid fuel combustion appliance, each appliance shall be approved by the Chief Building Official and permit fees shall be as set out in the Municipal Building By-law. All outdoor solid fuel combustion appliances shall have a CSA or UL approval rating and be installed in accordance with the manufacturer's instruction. Prior to the use of and following installation of any outdoor solid fuel combustion appliance, each appliance shall be inspected and approved by the Chief Building Official.

3.25. Outdoor Storage of Waste

Where waste intended for landfill is stored outdoors (excluding manure), it shall be contained in a receptacle specifically designed for such reason and having walls and sides and a lid. The receptacle shall be located in the rear yard no closer than 2 metres from a side property line or rear property line.

3.26.2. More Than One Use in a Building

Where a building or structure accommodates more than 1 type of use, the parking space requirement for the whole building shall be the sum of the requirements of the separate parts of the building occupied by the separate types of use.

3.26.3. Multiple Use of Parking Area

Where 2 or more uses utilizing the same parking area will never occur simultaneously, the parking requirements of the use having the highest parking requirements shall govern.

3.26.4. Core Commercial Zone Parking Space Requirements

The provisions of the Parking Requirements section shall not apply to require the establishment of parking spaces for a non-residential use in the Core Commercial (C4) Zone, other than for a motel or hotel.

3.26.5. Existing Buildings and Changes in Use

The parking area requirement referred to in this By-law shall not apply to any building lawfully in existence at the date of passing of this By-law so long as:

- a) the building is used for a permitted use;
- b) any change of occupancy is to a use having the same or a lesser parking requirement according to this By-law;
- c) the floor area is not increased, and
- d) all parking spaces existing at the date of passing of the By-law are retained.

3.26.6. Additions to an Existing Building

If an addition is made to a building or structure lawfully existing at the date of passing of this By-law, then parking spaces in addition to those already existing shall be provided to the number required for such addition or change of use. This section shall not apply to an addition to a single detached dwelling.

3.26.7. Accessible Parking

Accessible parking spaces shall be provided to accommodate a varying range of abilities including those in wheelchairs, limited mobility and those caring for small children. Accessible parking spaces shall be provided in all zones except: Residential – Low Density Zone (R1), and Residential – Medium Density Zone (R2) zones.

3.26.7.1. Type A and B Barrier Free Parking Spaces

Type A and B Barrier Free Parking Spaces are required to be provided in accordance with the provisions of this section. Barrier free parking spaces are included in the total parking space requirements. The requirements for barrier free parking are minimums, and do not prevent additional barrier free parking spaces being provided

Residential Uses

201 and greater	1% of the total spaces +2 spaces	1% of the total spaces +2 spaces

The number of parking spaces required may not be sufficient for some facilities (e.g. seniors' centres) where increased numbers of persons with disabilities may be expected.

Type A and B parking spaces are subject to the following provisions:

- a) type A Barrier Free Parking Spaces shall have minimum rectangular dimensions of 3.4 metres width by 6.0 metres depth, and shall be required to be directly adjacent to an access aisle;
- b) type B Barrier Free Parking Spaces shall have minimum rectangular dimensions of 2.4 metres width by 6.0 metres depth, and shall be required to be directly adjacent to an access aisle;
- c) all barrier free vehicle parking spaces shall be identified by marking the pavement with, and mounting a sign which displays, the International Symbol for the Disabled. Type A barrier free parking spaces shall be clearly marked as 'Van Accessible';
- d) access aisles for barrier free parking spaces shall have a minimum width of 1.5 metres, and shall include the entire length of adjacent barrier free parking spaces;

- e) a minimum vertical clearance of 3.4 metres shall be provided at accessible parking spaces, passenger loading zones, and along access aisles;
- f) barrier free parking spaces shall be the spaces located closest to the nearest accessible entrance(s) of the building on an accessible route;
- g) curb ramps, where required, shall be provided to permit access from the parking area to the sidewalk;
- h) access aisles and barrier free parking spaces are required to be paved with asphalt or concrete.
- i) where there is a conflict between the provisions of this By-law and any other standards or guidelines relating to barrier free parking in the Municipality of South Huron, the higher requirement shall apply.

3.26.8. Use of Parking Areas and Spaces

Any area where off-street parking is required under this By-law shall be used for no other parking purpose than for the parking of operative passenger vehicles and commercial vehicles used in operations incidental to the permitted uses on the property, all bearing currently valid license plates. For the purpose of this subsection "commercial motor vehicle" shall mean any commercial vehicles as defined in the Highway Traffic Act.

3.26.9 Commercial Motor Vehicles and Tractor Trailers in Residential Zones

No person shall use any property, building or structure in a residential zone for the parking or storage of any commercial motor vehicle unless the person is the owner or occupant of such property, building or structure, the vehicle does not exceed 4,000 kilograms per axle, and provided no more than 1 commercial vehicle is stored in accordance with this section.

No person shall use any property, building or structure in a residential zone for the parking or storage of any truck trailer or van body or part thereof.

This provision shall not include commercial motor vehicles or tractor trailers while they attend a residential premise for the purposes of delivery and service.

3.26.10. Storage or Parking of Travel Trailers, Motor Homes and Personal Recreational Vehicles

No person shall within any Residential zone use any property for the outdoor parking or outdoor storage of more than a total of 2 travel trailers or personal recreational vehicles, provided that these items are owned by the owner or occupant of the subject lands. The outdoor parking or storage shall be permitted in:

- a carport.

- an open driveway exclusive of any area covered by a sight triangle.
- an interior side yard or rear yard provided the setbacks for an accessory structure are maintained

This By-law shall not restrict the number of travel trailers and personal recreational vehicles that are fully enclosed within a private garage.

3.26.11. Occupancy of Travel Trailers

No person shall, in any zone, use any travel trailer or park model trailer for the purpose of primary residential, permanent living.

In addition to permitted uses, the occasional short-term, temporary, non-commercial use of a travel trailer or park model trailer is permitted for a cumulative maximum of 2 weeks annually provided there is a main building on the same property and the setbacks for an accessory structure are maintained.

3.26.12. Parking Area Location on a Lot

No parking lot or required parking area shall be located on a septic tank or tile bed area.

Outdoor parking areas shall be permitted in the required yards or in the area between the street line and the required setback as follows:

Zone	Yards in which Required Parking Area Permitted
Residential	Driveway, Interior side yard and rear yard
All other zones	Parking areas are permitted in all yards. The minimum setbacks for a parking area, other than a driveway, shall be 3 metres from any property line abutting a residential zone and 1 metre from the street line.

3.26.13. Off-Site Parking

All required parking spaces are to be provided on the same property as the use for which they are provided. Off-site parking may be located within 150 metres provided that parking is a legal permitted use in that zone and that total parking requirements are met for all uses. All off-site parking areas shall require a site plan agreement for more than 5 spaces.

3.26.14. Access to Parking Area Through Residential Zones

No person shall use any land in a residential zone for motor vehicle access to any parking space or parking area located in any other zone.

Municipality of South Huron Zoning By-law
Section 3 General Provisions

3.26.15. Parking Area Design Standards

All parking areas required under this By-law shall conform with the following minimum standards:

3.26.15.1. Parking Aisles

Angle of Parking	In perpendicular width, the parking aisle shall not be less than:
30 degrees	3.4 metres
45 degrees	3.7 metres
55 degrees	4.3 metres
60 degrees	4.9 metres
65 degrees	5.2 metres
70 degrees	5.5 metres
90 degrees	6.7 metres
Parallel parking	3 metres for one-way traffic 6 metres for two-way traffic
Parking at an angle other than those listed above	the requirements for the angle of parking which is next greater than the angle of parking being provided

3.26.15.2. Parking Space Width

For Cars Parked:	The parking space shall be not be less than:
Side by side	2.7 metres
With wall or fence adjacent	3.0 metres

3.26.15.3. Parking Space Depth

Angle of Parking	In perpendicular width, the parking space depth shall not be less than
30 degrees	4.6 metres
45 degrees	5.5 metres
55 degrees	5.8 metres
70 degrees	5.8 metres
90 degrees	5.5 metres
Parallel parking	6.5 metres
Parking at an angle other than those listed above	the requirements for the angle of parking which is next greater than the angle of parking being provided

3.26.15.4. *Parking Area Surface and Drainage*

All parking areas are to be constructed so as to be usable in all seasons and shall have a granular base and surface of crushed stone, concrete, asphalt pavement or other similar hard and dust inhibiting surface. All parking areas shall

be so graded and drained so as to ensure that surface water will not escape to neighbouring lands as a result of the construction or use of such parking areas.

3.26.15.5. Entrances and Exits

Entrances and exits from parking areas shall be at least 3 metres but not more than 9 metres in perpendicular width at the street line and all required exit and entrance approvals shall be obtained.

Entrances and exits will be in accordance with Municipal, County or MTO Design Standards and require an entrance permit.

The minimum distance between a driveway and an intersection of a street shall be 7.5 metres.

The minimum angle of intersection between a driveway and a street line shall be 60 degrees.

The minimum distance between a driveway and an interior side property line shall be:

- residential zones: 1 metre with the exception of multiple-attached dwelling units where no minimum applies
- all other zones: 3 metres

The number and placement of driveways shall be determined based on approvals from the appropriate authority.

3.26.15.6. Tandem parking

Tandem parking spaces are permitted for residential dwellings with less than five dwelling units.

3.27. Permitted Uses, One or More

Where 1 or more uses are listed as permitted in any zone, land may be used and buildings may be erected and used thereon for 1 or more of the uses so permitted, provided the requirements of this By-law are satisfied for each such use.

3.28. Planting Strip

A planting strip shall be provided:

- a) on lands zoned or used for multiple dwellings where they abut lands zoned or used for single detached dwellings or duplex/semi-detached dwellings.
- b) on lands zoned or used for any commercial, agricultural commercial - industrial, recreational commercial, trailer & tent park, or industrial purpose where the interior side property line or rear property line abuts lands designated, zoned or used for residential or open space purposes.

- c) on lands upon which a residential use or community facility use is being newly established where such lands abut an existing use that is not maintaining a planting strip but would be required to do so if newly establishing.

Such planting strip shall have an ultimate width of 1.5 metres and may be included as part of the required yard.

Such planting strip shall be contained within the zone or on the lands for which it is a requirement, and shall run the entire length of the zone or property line(s) separating it from the abutting zone or use which requires the planting strip. The height and location of the planting shall not pose a traffic hazard.

Such planting strip shall consist of a continuous planting of trees or shrubs, established at a minimum of 1 metre and shall be maintained at an ultimate height of not less than 1.5 metres.

Such planting strip shall be planted and maintained by the owner(s) of the land on which the planting strips are required.

Subject to site plan approval, a fence or wall may be considered as an alternative to a planting strip. The following shall be considered: location, height, porosity, materials and finishing.

3.29. Prohibited Uses

All uses, including the following uses, shall be prohibited unless otherwise provided for.

3.29.1. Dangerous Uses

No land, building or structure, unless licensed, is permitted to be used for the storage or manufacture of dangerous products for commercial or industrial purposes.

3.29.2. Derelict Motor Vehicles

Other than in a Salvage Yard (SY) Zone, no person shall use any property in any zone for the parking or storage of any derelict motor vehicle except that such vehicles may be stored inside a private garage.

3.29.3. Livestock in Settlement Areas

The keeping of livestock in a settlement area is prohibited except at a veterinary clinic or abattoir.

The regulations, restrictions and prohibitions of all the other applicable By-laws continue to apply. The keeping of animals as pets or for personal use is controlled by the Municipality of South Huron Keeping of Animals By-law (By-law 5-2004 or subsequent versions).

3.29.5. Mobile Homes

The location or use of a mobile home in any zone is prohibited unless specifically provided for in that zone. The prohibition on mobile homes does not apply to a mobile home utilized as an Additional Residential Unit (ARU) in any zone where an ARU is permitted.

3.29.6. Noxious Uses

No use shall be permitted within the Municipality which from its nature or the material used therein is a noxious use.

3.29.7. Salvage Yards & Solid Waste Landfills

The use of any land or the erection or use of any building or structure for the purposes of a salvage yards or solid waste landfill shall be prohibited in all zones in a settlement area.

3.29.8. Vending From a Vehicle

No lands, streets, or lanes in the Municipality shall be used by a portable food outlet or for the sale of food, goods or wares from the confines of a motor vehicle unless the necessary permission has been obtained from the Municipality.

3.30. Properties to Front on a Street

Unless otherwise specified by this by-law, a building or structure shall not be erected nor any land, building, or structure used unless the property abuts or fronts on a street, except in the Lakeshore Residential Settlement Area.

3.31. Plan of Subdivision

Lots in a registered plan of subdivision are deemed to meet the requirement to front on a street where the agreement registered on title between the Municipality and the subdivision developer provides for the use and development of lots in the subdivision prior to the Municipality's assumption of the roads in the subdivision.

3.32. Plan of Condominium

For a Plan of Condominium, only the development as a whole must front on a street provided all the units within the condominium plan have legally enforceable access to a street.

3.33. Property Enlargement

Where lands are severed and merged on title with an abutting property the zoning on the abutting property shall automatically apply to the lands to be merged on title. This provision applies only where a severance is granted for the purpose of minor lot enlargement. As an administrative amendment, the appropriate Zone Map shall be amended to reflect this zone change with such changes being permitted from time to time without further public notice or Council approval. The resulting zone area and zone coverage of the retained parcel is deemed to comply with the provisions of this Zoning By-law.

3.34. Property Size from an Agricultural Severance

Where a new agricultural property is created by severance, conforms with the Official Plan, and has a minimum zone area between 18 and 38 hectares, the said property is deemed to comply with the minimum zone area provisions of this By-law. This provision applies to both the severed and retained properties.

3.36. Setbacks from an Abattoir, Residential

No residential dwelling shall be erected within 183 metres of an abattoir.

3.37. Setbacks of Buildings and Structures along Closed Municipal Drains and Conservation Authority Regulations

3.37.1. Setbacks from a Closed Municipal Drain

No building or structure shall be erected closer to the centerline of a closed municipal drain then:

within a settlement area: 4 metres

outside a settlement area: 7.5 metres

3.37.2. Setback from an Open Municipal Drain

No building or structure shall be erected closer than 10 metres to the top-of-bank of the working side of an open municipal drain.

3.37.3. Conservation Authority Regulations

No development is permitted on lands regulated by a local Conservation Authority until it has been determined that the proposed development meets the requirements of all applicable laws regulated by the pertinent Conservation Authority (Ausable Bayfield Conservation Authority or Upper Thames River Conservation Authority)

(As amended by By-law 60-2020)

3.38. Livestock Facility or Manure Storage Facility Setbacks

Notwithstanding the above provisions to the contrary, no livestock facility or manure storage facility shall be constructed except in compliance with the following minimum setbacks.

Minimum Setback from:	To Livestock facility or Covered, Open, or Earthen Manure Storage
Drilled Well	15 metres
Dug Well	30 metres
Municipal Well	100 metres
Watercourse	50 metre flow path
Open Ditch	50 metre flow path
Closed Municipal Drain	15 metres
Field Tile	15 metres

3.39. Setback from Established Commercial Scale Wind Energy Facilities

No dwelling, hotel, motel, long-term care home, retirement home, hospital, campground, school, or place of worship on a separately titled property shall be established closer to a wind energy facility than the distance established in obtaining the Ministry of Environment's Renewable Energy Approval.

3.40. Sight Triangle

No building, structure, fence, object or planting, in excess of 0.75 metres in height which would obstruct the vision of drivers of motor vehicles shall be erected or placed in the sight triangle with the exception of the Core Area Commercial (C4) Zone.

3.41. Stacking Lanes

3.41.1. Car Wash

Every car wash shall be provided with a minimum of 3 vehicle waiting spaces measuring 2.5 metres in width and 6 metres in length for each washing bay or 5 vehicle waiting spaces for an automatic car wash.

3.41.2. Restaurant with Drive-through

Every restaurant with a drive-through shall provide a stacking lane with adequate numbers of spaces to facilitate traffic movement. Drive through lanes shall comply with the following:

- a) no part of any drive through lane may be located within a parking area;
- b) no part of any drive through lane may be located within a parking aisle;
- c) drive through lanes shall not obstruct parking spaces and cannot affect on-site circulation; and
- d) drive through lanes shall have a minimum storage capacity of 10 vehicle waiting spaces.

3.42. Surplus Farm Dwelling Severance

Where the County of Huron or its delegate has approved the severance of a surplus farm dwelling the appropriate Zone Map in this by-law shall be amended to change the AG1 Zone to AG2 for the remnant farm parcel and AG4-29 for the small agricultural holding, as applicable. These administrative amendments are permitted from time to time without further public notice or Council approval.

3.43. Storage Containers, Accessory

- a) Storage Containers may only be used for storage outside of a settlement area unless specifically listed in the zone
- b) A maximum of 3 storage containers shall be permitted
- c) Storage containers may only be located to the rear or interior side yard of a main building and not be visible from a street.
- d) Storage containers must be located a minimum of 7.5 metres from all lot lines
- e) Storage on top of the storage container is prohibited.

- f) Storage containers accessory to the main use shall be a maximum of 3 metres in height.
- g) Storage containers shall not be stacked

3.44. Swimming Pools

For the permitted location of pools on properties see General Provisions Accessory Buildings, Structures and Uses provisions in Section 3.

The height of a swimming pool fence and other swimming pool characteristics shall be in accordance with all provisions of the Swimming Pool By-laws of the Municipality.

3.46. Through Property

Where a property, which is not a corner property, has frontage on 2 streets, the front yard setback requirements shall apply on each street in accordance with the provisions of the zone or zones in which such property is located. This setback provision does not apply to a through property between a street and a lane.

3.47. Utility Services for the Public

3.47.1. The provisions of this By-law shall not apply to prevent the use of any land as a street or to prevent the installation of public services and utilities such as water mains, storm and sanitary sewers, gas distribution mains, railway lines, electrical substations and transmission lines of 230 kv or less, pumping stations, flood and erosion control works, telephone and cable lines, radio and communication towers, roads, trails, and accessory utility service buildings and structures provided that:

- a) the approval of the Municipality has been obtained;
- b) approval has been obtained under the Environmental Assessment Act, as required;
- c) utility service buildings in a residential area will require a rezoning to a Community Facility Zone;
- d) no goods, material, or equipment shall be stored in the open in a Residential zone;
- e) any building or structure shall be designed and maintained in general harmony with buildings of the type permitted in the zone, and
- f) any excessive noise or fumes resulting from such utility service shall be mitigated to reduce compliance issues with abutting residences.

3.47.2. Electric power facilities which are subject to the provisions of the Environmental Assessment Act are permitted uses in all zones, and are not affected by the provisions of this By-law. Electric power facilities which are not approved under the Environmental Assessment Act are permitted uses in all zones and are subject to the provisions of Utility Services for the Public provisions.

3.47.3. Notwithstanding any other provision of this by-law, wind energy facilities are not considered a utility service for the public.

3.48. Waste Disposal Sites, Restrictions around Active and Closed

No new building or structure, used for residential or livestock purposes shall be erected within 500 metres from the perimeter of the fill area of any licensed waste disposal site or any closed waste disposal site until it has been determined by a qualified professional to the satisfaction of the Municipality that there will be no adverse off-site impacts. The assessment of impacts shall include the presence of methane/leachate and the potential for noise, odour, dust and litter complaints during operation.

If there is a licensed disposal site or a closed landfill site located in an adjacent Municipality, similar provisions shall apply.

4. General Agriculture (AG1)

Within this Zone, no person shall establish any use of land or building, or erect or alter any building or structure for any purpose except in accordance with the following provisions:

4.1. Permitted Uses

- agricultural use, general
- cannabis production facility
- conservation
- dwelling with supports
- exploration, drilling for and production of oil and natural gas
- forestry uses, not including commercial forestry processing uses
- temporary wayside pit
- uses accessory to the permitted uses

4.2. Accessory Uses

- Additional Residential Units (total of 2) with a maximum of one (1) within a detached structure
- agri-tourism occupying a maximum of 2% of the lot area of which the uses are located to a maximum of 1 hectare
- anaerobic digester

Rear Yard (minimum)	7.5 metres
Interior Side Yard (minimum)	7.5 metres
Exterior Side Yard (minimum)	10 metres

16.4. Special Provisions

Final approval of subdivision of land in a Future Development zone will not be permitted prior to a rezoning to the applicable zone.

Existing residences will be allowed to expand, enlarge or re-establish provided that the provisions of the Residential Medium Density (R2) Zone are complied with and the number of dwelling units is not increased.

17. Defined Area Overlay for Public Safety (DA)

Defined Areas 1 and 2 are overlay zones layered on top of the underlying zone(s) to provide additional height restrictions for public safety of uses in proximity to airport lands. In all other respects, zone provisions in Defined Areas 1 and 2 are in accordance with the underlying zone(s). Nothing in the Defined Area overlay zones removes any provincial or federal jurisdiction to regulate airport lands and buildings.

17.1. Defined Area 1 (D.A. 1)

In Defined Area 1 (D.A. 1) no building, structure, trees or foliage may be higher than a height calculated based on the ratio of 1:7 from the side perimeter of an AL1 Zone, or the height restriction of the zone in which the land lies, whichever is the lesser. (That is, for every 7 metres calculated at a right angle to the side plane of the AL1 Zone, building or structure height may be increased by 1 metre, until the prescribed maximum height restriction for the zone is reached). Defined Area 1 is measured as a buffer around the active runway equal to half the length of the runway.

17.2. Defined Area 2 (D.A. 2)

In Defined Area 2 (D.A. 2), no building, structure, tree or foliage may be higher than a height calculated based on the ratio of 1:50 from the take-off threshold, or the height restriction of the zone in which the land lies, whichever is the lesser. (That is, for every 50 metres calculated at a right angle to the end horizontal plane of the take-off threshold, building height may be increased by 1 metre, until the prescribed maximum height restriction for the zone is reached). The take-off threshold is the end of the runway as determined by federal and/or provincial regulations. Defined Area 2 is measured as a buffer extending at 45 degree angles from the take-off threshold to a distance that equals double the length of the active runway.

18. Disposal (DS)

Within this Zone, no person shall establish any use of land or building, or erect or alter any building or structure for any purpose except in accordance with the following provisions:

18.1. Permitted Uses

- waste disposal facility as approved by the Ministry of Environment, including a sewage treatment plant and landfill site;
- recycling centre;
- water treatment, supply or storage facilities;
- uses accessory to the permitted uses.

18.2. Permitted Structures

- buildings and structures for the permitted uses;
- buildings and structures accessory to the permitted uses, not including a dwelling unit

18.3. Zone Provisions

Zone area (minimum)	1850 square metres
Property frontage (minimum)	Full services: 20 metres Partial/private services: 25 metres
Property depth (minimum)	30 metres
Zone coverage (maximum)	70 %
Front yard (minimum)	15 metres
Rear yard (minimum)	15 metres
Interior side yard (minimum)	10 metres
Exterior side yard (minimum)	15 metres
Landscaped open space (minimum)	10 %
Building height (maximum)	14 metres however, any portion of a building or structure erected above a height of 14 metres to a maximum of 30 metres, shall be set back from the front property line, side property lines, or rear property line a further distance of 0.5 metres for each metre the building or structure is erected above a height of 14 metres.

18.5. Sewage Treatment Facility Buffer Overlay

The Sewage Treatment Facility Buffer Overlay zone is a second zone layered on top of the underlying zone(s). Zone provisions in the Sewage Treatment Facility Buffer Overlay are in accordance with the underlying zone(s) found within the flood fringe area.

In accordance with the Ministry of Environment Guidelines D-2 (Compatibility between Sewage Treatment and Sensitive Land Use) and D-1-3 (Land Use Compatibility: Definitions), the following sensitive uses are not permitted within the Sewage Treatment Facility Buffer Overlay:

- Residential uses, including a residence accessory to an agricultural operation, uses listed in the R1, R2, R3, R4, and R5 zones;
- Recreational uses including trailer parks, campgrounds, golf courses, parks and picnic areas;
- Institutional uses including nursing homes, hospitals, schools, places of worship, community centres and day care centres and similar uses;
- Livestock facilities as part of an agricultural operation;
- Orchards;
- Bird and wildlife habitats or sanctuaries.

The buffer area is measured from the periphery of the noise/odour producing source/structure.

The buffer will extend for 150 metres surrounding the Grand Bend Sewage Treatment Facility located on Lot 6, Concession Aux Sables, Stephen Ward.

The buffer will extend for 100 metres surrounding the Exeter Sewage Treatment Facility on Lot 24, Concession 2, Stephen Ward.
