6.1 OAPSB AGM Call for Resolutions (Member Lamport)

Motion: 27-2026

Moved: MAnderson

Seconded: JSteffler

Whereas the vulnerable sector checks system regularly experiences long delays during peak application times, such as the

commencement of sporting seasons and commencement of school semesters.

Whereas a delay in receiving a completed check can be as long as ten weeks during these peak times, the delays subsequently have a ripple effect on volunteer services and employment services who are in waiting and Ontario police services personnel are called upon to assist in reducing the backlogs which comes at a cost to police services while taking personnel away from their regular duties.

Whereas the vulnerable sector check system is a reactive system that only confirms existing criminal convictions, or charges, that would be of concern to volunteer organizations and employers.

Whereas the system lacks a proactive element that can identify persons who are charged with an offense while working in a volunteer capacity, or currently employed, and the system relies on a renewal process within a six month to one year period.

Whereas any time between the date of a valid clearance check completion and the renewal date causes a threat to the safety of the very vulnerable persons it aims to protect.

Whereas an opportunity exists to correct this gap in protection by connecting the vulnerable sector check candidate list to the Ontario court system which publicly releases names of charged persons once an information is laid and the court process has commenced.

Whereas with the aforementioned information being made available to the vulnerable sector check program, a charged person would be immediately identified and their volunteer service, or employer, could be notified. Thus, providing protection as soon as practical to potential victims, which ought to be the main priority of the system.

Whereas should the vulnerable sector check system include a connection to the Ontario court system the need for renewals would become redundant, thus saving considerable time and money.

Be it resolved that Police Governance Ontario requests a review of the Vulnerable Sector Check Program with a goal to better protect vulnerable persons and realize efficiencies.

Huron OPP Detachment Board Activities - 2025 Annual Report

Message from the Board Chair

Deputy Mayor Jim Dietrich (South Huron)

Chair, May 2024 - Present

Huron OPP Detachment Board

As Chair, I am proud to reflect on a positive and productive year for the Board. In 2025, we welcomed a new Detachment Commander and continued to build a strong working relationship with the detachment. Board members collaborated effectively throughout the year, providing governance and supporting policing priorities across Huron.

I extend my sincere thanks to the officers, civilian staff, and volunteers for their dedication and professionalism. Their commitment plays a vital role in maintaining the safety and wellbeing of our communities.

Looking ahead, I am confident that with the continued support of our personnel and community, the Huron County OPP will maintain its standard of excellence in policing and continue to serve residents with dedication and integrity.

Introduction

The Huron OPP Detachment Board (Hereinafter referred to as the “Detachment Board”) provides guidance and advice to the Ontario Provincial Police (OPP) detachment commander regarding policing services in Huron County.

In the context of the Community Safety and Policing Act (CSPA), the Detachment Board works collaboratively with the Detachment Commander to ensure that the strategic priorities and initiatives of the Huron OPP reflect the goals of community safety, transparency, and accountability. The Board's guidance is critical in navigating the evolving landscape of policing regulations and fostering positive relationships between the OPP and the community. By prioritizing public engagement, the Detachment Board ensures that policing practices remain responsive and effective in addressing the safety concerns of Huron County residents.

Message from the Detachment Commander

I am pleased to present the Huron Detachment - 2025 Detachment Board Annual Report. This report includes crime, traffic enforcement and community well-being data, and highlights initiatives and successes from the past year. 2025 was the last year of the 2023-2025 Huron Detachment Action Plan and this report will provide a final update and progress results from that plan.

I am proud of the work undertaken by members of the Huron County OPP Detachment and their continued commitment to public safety.

In 2025, the detachment reinforced this commitment through targeted traffic enforcement initiatives focused on impaired driving, speeding, seat belt compliance, distracted driving, and commercial motor vehicle (CMV) safety. These proactive efforts increased public awareness, strengthened enforcement outcomes, and contributed to the removal of unsafe vehicles from our roadways. The detachment will continue to leverage technology and data analytics to optimize resource deployment and address emerging public safety priorities.

Our members consistently demonstrate professionalism, resilience, and dedication. Through evidence-based and intelligence led enforcement, victim-centred investigations, and community partnerships, we remain committed to retaining the trust and support of our communities. This report will highlight these accomplishments and outline our operational priorities.

Traffic enforcement remains a priority. Inattentive driving, impaired operation, unsafe speeds, and the lack of seat belt use are ongoing public safety risks. Throughout 2025, officers conducted targeted initiatives and campaigns which resulted in increased enforcement outcomes and contributed to improved roadway safety across the county.

Criminal investigations, particularly those involving intimate partner violence (IPV), are guided by investigative excellence, compassion, and empathy. Members ensured timely responses, thorough investigations, and close collaboration with community support agencies, maintaining a victim-centred approach throughout the investigative process.

Looking ahead to 2026, drug trafficking and property crime investigations remain priorities. Intelligence-led strategies continue to guide targeted enforcement aimed at disrupting drug trafficking networks that contribute to addiction and broader criminal impacts. Through proactive patrols and focused investigations, the detachment achieved measurable reductions in property crime.

The success of the detachment is driven by the professionalism and preparedness of its members. Over the past year, we continued to invest in leadership development, enhanced mental health training, drug recognition and IPV education to ensure members are equipped to meet evolving operational and community needs.

Our community partnerships are fundamental to our work. Collaboration with municipalities, social service agencies, schools, health-care partners, and community organizations has strengthened our collective capacity to address complex social issues and support vulnerable individuals.

Transparency and accountability remain foundational to service delivery. Regular engagement with the Huron County Detachment Board has supported open communication, aligned priorities, and responsiveness to community expectations. Continued progress in the deployment of body-worn cameras has enhanced evidence collection, officer accountability, and public confidence, supported by positive feedback from both members and the community.

In 2026, the detachment will release the 2026–2029 Huron County Detachment Action Plan—the first developed under the *Community Safety and Policing Act* (CSPA). In partnership with the detachment board and community stakeholders, we will ensure our commitments reflect local needs and priorities. The Action Plan will align with the 2026–2029 OPP Strategic Plan, strengthening organizational alignment.

As we address emerging challenges and opportunities in policing and community safety, members of the Huron County OPP Detachment remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

2025 Crime Progress Results

Commitment	Progress Results
To increase trained members of the Huron County Detachment in Uniform Frontline Interviewer Program (UFIP) in order to promote a trauma-informed approach to violent crime investigations.	Revisions to the regional UFIP occurred during this operational period prevented further local training opportunities. The implementation of the Detachment Abuse Issues Investigator (DAII) position, combined with the effective use of trained UFIP members, strengthened investigative quality and consistency across the detachment. These measures ensured that victims were engaged with professionalism, sensitivity, and respect, while supporting thorough and accountable investigations. The DAII provided critical oversight by reviewing occurrences related to sexual assault, IPV, abuse and neglect. This review process ensured legislative compliance, investigative consistency, and accountability, while reinforcing a victim-focused approach that prioritizes safety, dignity, and timely follow-up. Strong community partnerships were integral to this work, providing coordinated, wrap-around supports for victims throughout the investigative process. Collaboration with community agencies enhanced access to advocacy, support services, and informed decision-making, reinforcing the detachment's commitment to victim safety, well-being, and trauma-informed service delivery.
To reduce property crime (theft, break and enter, mischief, etc.) incidents and victimization across Huron County.	Reduction in property crime during this period was achieved through coordinated and proactive policing. Directed patrols in identified high-risk areas, combined with increased public awareness initiatives, enhanced opportunities for prevention and early intervention. Officers promoted target-hardening measures and encouraged the timely reporting of suspicious activity, empowering residents and business owners to play an active role in community safety. Strong partnerships with local municipalities, community organizations, and neighbourhood groups have been instrumental to this success, reflecting a shared commitment to reducing victimization across Huron County. These collaborative efforts have strengthened crime-prevention and improved information sharing. Moving forward, ongoing public education and awareness campaigns focused on residential, rural, and commercial

	properties will continue to be a priority, reinforcing preventative practices and supporting sustained reductions in property crime.
To reduce illicit drug crime through intelligence gathering, trend analysis and enforcement.	Disrupting drug trafficking networks, reducing drug-related violence, and preventing the broader impacts of illicit drug use remain detachment priorities. Through analytics, intelligence gathering and partnerships with law enforcement agencies, our Community Street Crime Unit (CSCU) led targeted investigations into individuals and organizations involved in drug trafficking. Our enforcement actions were combined with strong preventative efforts. Public health programming, youth education, and harm-reduction strategies play an integral role in supporting early intervention. Drug trafficking will remain a priority with a continued focus on enhancing public safety and reducing the availability of illicit drugs within our communities.
Cyber-crime	Cyber-enabled crime prevention will continue to be an area of focus for the detachment. Throughout this reporting period, detachment members have worked to increase public awareness and minimize the harm caused by online victimization. Targeted public education for youth and older adults will continue into 2026. Emergency exercise training with our municipalities increased our collective ability to recognize and respond to emerging online threats.

2025 Roadways, Waterways and Trails Progress Results

Commitment	Progress Results
To continuously monitor collision trends, causal factors and deploy commensurate resources for enforcement to promote collision reduction and eliminate risk.	An overall reduction in motor vehicle collisions was observed during this reporting cycle. Detachment members worked closely with municipalities, road safety committee members, and injury prevention partners to identify hot spots and conduct targeted enforcement and proactive patrols. This approach will continue into 2026, leveraging analytics to optimize our resources and enforcement efforts.
To engage with communities, stakeholders, and regional traffic teams to address specific waterway, trail, roadway safety and/or interdiction issues.	Diverse traffic safety initiatives throughout this period increased awareness, skill level, and visibility throughout Huron County. A large-scale rail disaster training exercise, joint force water rescue efforts, interdiction initiatives, construction zone speed enforcement and proactive patrols on our trail systems reinforced our commitment to stakeholder partnerships.
To reduce animal related collisions through community engagement and education.	Targeted public education campaigns were conducted in partnership with municipalities, Ministry of Transportation, and local media outlets throughout this reporting period. Increased usage of our Collision Reporting Centre leveraged additional detachment resources and reduced frontline operational impact.

2025 Community Well-Being Progress Results

Commitment	Progress Results
To promote the existing co-response model of the Mobile Crisis Response Team (MCRT) in Huron County.	Delivering a coordinated and compassionate response to mental health-related calls continues to be a priority in Huron County. Through the establishment of strong, collaborative partnerships involving the Huron OPP/ MCRT clinicians, and the Canadian Mental Health Association (CMHA)/ Huron County Paramedic Services-Encampment Health and Housing Outreach Team, comprehensive and timely supports are available to individuals experiencing mental health crises. The MCRT model reflects the strength of our collaborative relationship with local health-care and social service partners and supports an integrated, person-centred approach to crisis response. This partnership enables shared expertise, improved on-scene decision-making, and enhanced continuity of care for individuals in need. The implementation of the police-hospital transition protocol further reinforces our collective commitment to streamlining access to care. By improving coordination between emergency services and health-care providers, this protocol enhances safety, reduces delays, and ensures individuals receive appropriate support in a timely and respectful manner.
To promote and execute a rapid OPP response to all missing persons, including those enrolled in Project Lifesaver.	In 2025, multiple Project Lifesaver training sessions were delivered to members of the Huron OPP Detachment, enhancing officer preparedness and response capabilities when searching for vulnerable missing persons. This specialized training strengthened our ability to respond quickly, safely, and effectively, with a focus on reducing search times and improving outcomes for at-risk individuals. The training reflected a strong collaborative approach, bringing together the Huron OPP Detachment, Huron County Paramedic Services, and the Alzheimer Society of Huron-Perth. This partnership highlights a shared commitment to community safety, coordinated response, and the timely location of missing individuals in Huron County. Through continued collaboration and capacity-building initiatives, these partners remain focused on safeguarding vulnerable community members and supporting families during critical incidents.

Other Community Updates

Throughout the year, our members remained committed to traffic enforcement through proactive patrols and visibility. Fatal collision reduction remains a priority moving into 2026.

Huron County remains an international tourism destination and is home to the largest salt mine in North America. Patrolling our rural roadways is vital to ensure public safety.

Community engagement was strengthened through the creation of new partnerships and programs. Collaborative grant initiatives emphasized our commitment to supporting successful outcomes for youth in Huron County as well as those experiencing housing instability.

Looking forward, we will continue working with our communities to identify, address and reduce risks to public safety in Huron County.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP's ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
