Municipal Class Environmental Assessment for the
Water and Wastewater Master Plan

The Study

The Municipality of South Huron has undertaken a Water and Wastewater Master Plan Update. This study was conducted in accordance with the requirements of Phases 1 and 2 of the Municipal Engineers Association Municipal Class Environmental Assessment process for Master Planning. The Master Plan is following Approach #1.

This Master Plan Update aimed to develop and evaluate the optimal water and wastewater servicing strategies to support the needs of existing users and to support potential population and employment growth within the Municipality. This is a critical component in the integrated planning process and will provide the framework and vision for the water and wastewater servicing needs for the

Municipality of South Huron. The Master Plan Update forms the basis for future, more detailed investigations for projects that are subject to the Environmental Assessment Act.

We want to hear from you!

This study is now initiating a 30-day review period. A copy of the Master Plan Update report will be available for public review at the Municipality's website (link below). The report will be available for review and comment for a 30-day period, beginning April 10, 2025 and ending on May 12, 2025.
